

GIGANTIC STRIKE MENACES DENVER

Citizens Committee Refuses
to Consider Demand of
Organizations.

MANY MEN ARE NOW IDLE

General Strike Likely to be
Ordered at Once—News
of the Strikes.

Denver, Col., May 14.—The Citizens' alliance committee has decided to adhere to its original proposition for the creation of one general arbitration board to which all disputes shall be referred. The proposal of the labor unions' executive committee to refer each difference to a committee of the employers and employees directly interested for arbitration was rejected, and a resolution was adopted declaring that plan to be "unreasonable, unnecessary and unduly cumbersome."

Unless the labor committee recedes from the position heretofore taken, a general strike will be ordered within twenty-four hours.

No change in the strike situation had taken place this morning. The number of union men now on strike is 2,490, the majority being butchers and meat cutters, cooks, waiters and bakers. Thousands of people are very much inconvenienced by the closing of restaurants, bakeries and butcher shops. If an arbitration agreement is not effected today a general strike, involving 15,000 to 16,000 union men, probably will follow. Of ninety-eight affiliated unions in the city nine have already gone on strike, twelve have empowered special committees to call them out, and the remainder will meet within twenty-four hours to discuss the question of striking. The trouble originated in the refusal of employers, who organized the Citizens' alliance, to sign contracts with the unions.

The general committee of the alliance met at 10 o'clock today to act upon the arbitration proposal submitted by the executive committee of the unions, which is as follows:

"That arbitration committees of five, be chosen from the employers and employees directly concerned, these committees to choose an eleventh member, and the finding of such arbitration committee be final in all cases."

TAKING MEN ON SUBWAY.

New York May 14.—The subway contractors began today to employ every man who asked for work in the subway in place of the strikers, who yesterday refused to return to work. In a short time a big force had been employed. Police guarded the whole length of the subway.

More than 5,000 men, comprising all the employees of the Hecla iron works in Brooklyn, went on a strike today, demanding a reduction of working hours to fifty a week and that the finishers be paid thirty cents an hour and the helpers twenty-five cents an hour. By a co-operative system the men received a percentage of the company's profits.

THEO. GELLER A DELEGATE.

Theodore Geller, of this city, who was elected one of the delegates to the national encampment of the G. A. R. at San Francisco at the meeting at Anderson yesterday of the state encampment, is a member of Zion S. Bass post, G. A. R., this city, having the office of trustee of the post.

BLACKSMITH MARRIED TODAY.

William Reiter and Miss Weisman were married at 4 o'clock this afternoon at the home of the bride's parents on Jackson street, in the presence of a large number of relatives and friends. Mr. Reiter is a heater in the Bass blacksmith shop and is one of the most popular men in that establishment.

MARRIAGE LICENSES.

Solomon Neuschwander and Mary A. Drebert.
William Reiter and Maggie Witzman.

Yesterday Councilman Wiebeck, of the second ward, divided between the two hospitals the beautiful and profuse floral tributes that came to him from his constituents Tuesday night.

strike has been settled and the men returned to work today, after being out only two days. The men claim that practically everything they asked had been given them. The principal contention was that a minimum day's pay shall be \$2.80. This is a raise of fifteen cents.

SUSTAINS A FATAL PARALYTIC STROKE

Mrs. Daniel Springer Dies
Suddenly—Other Deaths
and Funerals.

Mrs. Daniel Springer, residing five miles west of the city, died at 3 o'clock this morning from the effects of a stroke of paralysis sustained Wednesday afternoon.

Mrs. Springer was sixty years of age and had been in feeble health for some time. A stroke of paralysis had left her partially helpless and much of the time she was compelled to occupy an invalid chair. She was seated at a window at her home, when other members of the family entered the room at 4 o'clock on Wednesday afternoon and found the patient speechless from a second stroke of paralysis, which had come upon her suddenly. The patient gradually sank until the end came early today.

Surviving relatives include the husband and two children—Charles Springer, who is road supervisor in his district, and Mrs. Jacob Dennis. There are also three sisters—Mrs. N. D. Doughman, Mrs. Lucretia Felt and Mrs. Eliza Cuthall.

Announcement of the funeral service will be made later.

KITE.

Archibald Kite, one of the oldest citizens of Allen county, died on Wednesday at the John Scott home, in Abbot township, at the advanced age of 93 years, 4 months and 12 days. Mr. Kite had been a resident of this county forty-five years and his death was due to old age.

He was born in Virginia, but came to this county from Ohio, and spent the greater part of his life in Abbot township. For twenty years he had made his home with Miss Emily Scott. One of the distinctions of his earlier days of which he was very proud was the fact that he was an expert rifle shot, and even after reaching his eighty-fifth year Mr. Kite's achievements as a marksman were phenomenal. He was a central figure at the turkey shoots in the early days. He never married. Mr. Kite was well-to-do and was held in the highest esteem.

The funeral services will be held from the Scott residence Friday morning at 9:30 o'clock and the interment will be at the Bullard cemetery.

FUNERAL ANNOUNCEMENTS.

McBennett.—The remains of Frank J. McBennett, who died in Chicago, arrived in the city Wednesday night and were removed to the home of the parents, 2108 Lafayette street. Funeral services will be held Friday morning at 9:30 o'clock from St. Patrick's Catholic church. The interment at the Catholic cemetery will be private. The pall bearers will be Dr. H. G. Nierman, Dr. Henry Ranke, Dr. Ed. Rabus, Michael Gilmartin, W. H. Bohan and W. W. Wagoner, of Muncie.

Lindemann.—Funeral services of William Lindemann will be held Friday afternoon at 1:30 from the residence, East Washington and Walter streets, and at 2 o'clock from St. John's Reformed church.

Fink.—The funeral of Charles Fink will be held from the residence, 2216 Walton avenue, Friday afternoon at 1:30 o'clock and at 2:15 from Trinity English Lutheran church. Rev. Wagenhals will officiate.

FORTMEYER.

Malinda, infant daughter of Mr. and Mrs. Herman Fortmeyer, of 1126 St. Mary's avenue, died at 11 o'clock today from cholera infantum, at the age of five months.

Announcement of the funeral service will be made later.

TWO RIBS WERE BROKEN.

Louis Brame, living at the corner of Jefferson and Clay streets, had two ribs broken in a fall from a scaffolding on Tuesday evening. Mr. Brame was painting a building on his farm near New Haven and was at work about twelve feet from the ground. He stumbled on a loose plank and fell off the scaffolding, striking on his left side on a stake used in supporting the platform. Mr. Brame was brought to his home and his injuries were dressed by Dr. E. E. Morgan.

JUDGE GRUBBS IS COMMANDER

Elected to Highest Place in Indiana G. A. R. at Encampment at Anderson

HOME IN MARTINSVILLE

Parade of the Veterans One of the Greatest Ever Held in the State.

Anderson, Ind., May 14.—Judge George W. Grubbs, of Martinsville, was today elected commander of the Indiana department of the Grand Army of the Republic at the encampment in this city.

A complimentary vote was given by the northern part of the state to Col. I. B. McDonald, of Columbia City.

Location of the next encampment was left to the council of administration.

THE PARADE.

The big event of yesterday was the parade. The parade went beyond the fondest hopes of those who have worked hard for the success of the encampment. It required an hour for the parade to pass a given point. The parade was scheduled to start at 1:30 o'clock, but it was half an hour late. This was occasioned by the department officials being unable to get their dinners in time. The parade was headed by a platoon of police from the departments at Muncie, Marion, Elwood and this city. Grand Marshal Makepeace and his aides—Edmund Johnson, Jesse Forkner, Charles Stewart, Henry Durbin and Hiram Palmer, came next followed by the Sailors' and Soldiers' Orphans' Home band of Knightstown. Department Commander Stewart and his staff followed in carriages.

The Grand Army convention convened at 9 o'clock in the morning. Mayor Forkner delivered the address of welcome. Department Commander Starr responded.

Immediately after the appointment of the committee, Senior Vice-Commander Col. Isaiah McDonald took the chair. Department Commander Starr had to retire because of his weakened condition caused by sickness. The report of the department commander was read by Prof. Graham, of Indianapolis, and was immediately referred to the committee.

GETS FIRST NEWS OF CITY ELECTION

Lieut. Gov. Gilbert Returns Today from a Two Weeks' Trip to Pacific Coast

Lieut. Gov. N. W. Gilbert arrived in Fort Wayne this morning on his return from a two weeks' trip to the Pacific coast.

Nearly three weeks ago the lieutenant governor went to St. Louis to attend the dedication of the exposition site and he continued westward to California to attend to some legal matters at San Francisco. When the newspaper men surrounded Mr. Gilbert this morning he promptly turned interviewer himself and fired at the reporters a volley of questions concerning events which have transpired during his absence.

The lieutenant governor received this morning his first information concerning the results of the Fort Wayne city election held May 5. He confessed to considerable interest in the matter while in the west and said that he had made every effort to learn something of the result without telegraphing friends here, but was unable to find a line in the available newspapers concerning the municipal elections in Indiana. The coast newspapers print but little Indiana news and the lieutenant governor was unaware of the outcome until he reached the city this morning. He maintains that he was not at all surprised.

RESIGNATION IS ACCEPTED.

Capt. Otto C. Meyer, who resigned his commission as captain of company D, several weeks ago, received word from the governor this morning that his resignation had been accepted. Next Monday evening company D will have an election to fill the vacancies caused by Capt. Meyer's resignation and Second Lieutenant Birely will in all probability be elected to the office.

H. C. Schrader, who has been indisposed for several days, is able to be about again.

HOPE TO ORGANIZE FRIDAY EVENING

Rolling Mill Committee Issues
Call for Public Meeting
to Take Up Matter.

Friday evening, at a meeting to be held at the Commercial club, an effort will be made to organize a company by which a big rolling mill may be added to Fort Wayne industrial institutions. The committee in charge of the work this morning issued a public call urging the attendance of every citizen of the city who is interested in the welfare of Fort Wayne.

The committee is composed of John P. Evans, T. F. Thieme, F. S. Hunt, B. Paul Mossman and Robert Millard, and in its call, which is addressed to the citizens of Fort Wayne, the committee says:

"In asking you to attend this meeting we desire to say we have no interest in establishing a rolling mill in Fort Wayne other than the interest which every citizen should take in the welfare of our city. We have spent a great deal of time investigating the merits of the matter, which is now presented, and are willing to show our faith in the proposition by subscriptions to the stock of the company in such amounts as we can afford."

"We have made some personal canvass for the purpose of securing subscriptions, but feel that we cannot give it the time necessary to organize a company in that way. We, therefore, believe it advisable to ask the citizens of Fort Wayne to meet and discuss the matter and decide definitely whether we want a rolling mill in Fort Wayne or not."

"The proposition of the Rolling Mill company is open for only a few days. About fifty thousand dollars of the necessary eighty-seven thousand five hundred dollars is in sight and Fort Wayne, in our judgment, ought not to permit the opportunity to locate this plant here pass by. Our investigation has satisfied us that the proposition submitted by the owners of the plant is a fair one; that we are getting value received for our money; that in addition to bringing from 1,500 to 2,000 people to Fort Wayne and adding to the wages of labor of the city at least \$300,000 a year, the business promises to pay a very handsome profit to investors. In fact we believe that no manufacturing proposition has ever before been offered in Fort Wayne which promises better profits than this one."

At 2:30 the presidential party will go aboard the torpedo destroyer, Paul Jones, and proceed to Vallejo, then lay the corner stone of the Y. M. C. A. auxiliary club house, to be erected for the benefit of seamen. They will then inspect Mare Island navy yard, after which they will return to San Francisco.

Score of Passengers Had to Flee in Night Clothes from Burning Car.

New Haven, Conn., May 14.—Twenty passengers, including sixteen men and four women, had to flee in their night clothing early today from a burning sleeping car at the union station. The car was near the rear end of the New York, New Haven and Hartford train which left New York at 11 o'clock last night for Boston. When the train reached here at 1 o'clock the sleeping car was connected with a pipe which supplies the cars with gas and the gas supply was turned on. Immediately afterward a slight explosion was heard, flames burst out and the car filled with smoke. The passengers, dazed with sleep and half blinded by the smoke, made a rush for the doors. A woman was knocked down and suffered a slight injury to her back and right arm, but said she was not seriously hurt. An old gentleman who had difficulty in getting out of his berth close to the point where the fire started, was nearly suffocated, but was finally assisted from the car and later recovered. The blaze was finally extinguished and a hunt was made for the passengers' valuables. Among those who said they had lost money was A. Frescht, of Chicago. B. D. Kaplan, of New York, said he left about \$30,000 in money and securities in the car. After a search a wet wallet containing the missing securities was found, and Mr. Kaplan then said he had recovered everything except some money which was burned up in his clothes. The hand bags and clothing of most of the passengers were water soaked. The women passengers were taken to a nearby hotel and the men were provided with overalls and shoes.

Clarence Cook is having a cottage erected on The Bluffs at Rome City. Miss Marks, of Chicago, who has been in the city for several days at the bedside of her father, who is a patient at Hope hospital, returned home today.

Manini Dies of Cholera. Manila, May 14.—Manini, the former minister of foreign affairs of the Filipino government, died of cholera at midnight. He was attacked by the disease on Tuesday last.

TELLS OF GLORY OF MANILA BAY

President Says That Event Was the Beginning of Our Expansion

MIGHTY NAVY IS NEEDED

Assists to Dedicate a Monument Commemorating the Victory of Dewey.

San Francisco, May 14.—President Roosevelt today participated in the dedication of the monument erected in commemoration of the victory of the American navy at Manila. The monument consists of a high shaft of white California granite surmounted by a bronze figure of Victory, holding in one outstretched hand a wreath and in the other a trident.

The president was escorted from the hotel to Union Square by marines of the warships in the harbor. On the stand from which he delivered an address were the officers of the warships in San Francisco bay and vicinity and officers of the Grafton, flagship of the British Pacific squadron.

In a few words Chairman James G. Phelan presented the monument to the city of San Francisco and it was as briefly accepted by Mayor Schmitz, on behalf of the municipality.

President Roosevelt said San Francisco should glory in commemorating the navy's victory at Manila, as it had opened the Pacific ocean to American commerce and more than any other event had contributed to give the United States a high place among the naval powers. He dwelt on the necessity of preparing ships, armament and men for the navy. Naval battles are fought in advance and the Americans won at Manila because they had made ready for the strike. Since the last war the naval strength of the United States has rapidly been increasing, and under the wise provisions of the last congress has particularly advanced.

"He urged practical work at sea, particularly in marksmanship, saying:

"Remember that the shots that count in war are the ones that hit." The president was then driven to the United States transport dock, whence the party proceeded to Berkeley, to take part in the commencement exercises at the University of California.

Later President Roosevelt went to Oakland, where the citizens had arranged to give him a cordial greeting.

At 2:30 the presidential party will go aboard the torpedo destroyer, Paul Jones, and proceed to Vallejo, then lay the corner stone of the Y. M. C. A. auxiliary club house, to be erected for the benefit of seamen. They will then inspect Mare Island navy yard, after which they will return to San Francisco.

HOME ON FURLOUGH.

Carl Berghoff, son of Mayor Berghoff, arrived last night from the United States Steamship Peoria, stationed at New York, on a seven-day furlough. He will report back to the cruiser Baltimore at Newport News, which will immediately go into commission for a cruise to China and other oriental points and will be gone about two years.

CITY BREVITIES.

Will Girardot has gone to Auburn for a few days' visit with his parents.

L. J. Stetter, of Swinney avenue, is slowly recovering from a severe attack of rheumatism.

Charles E. Vought has tendered his resignation as carrier upon rural free delivery route No. 8.

Dr. B. V. Swearingen was called to Argos, Ind., in consultation today with Dr. Wilson, of that town.

Dr. K. K. Wheelock is expected home tonight from visits in New Orleans, La., and Waco, Texas.

The Misses Laura Bixler and Lillian Egly, of Berne, are guests this week of Miss Helen Regener.

Miss Mary Glusenkamp, assisted by Miss Grace Schwartz, entertained a party of young folks at the home of Miss Glusenkamp. Progressive padro was played and first prizes were won by Miss Essa Kuhns and Theodore Glusenkamp and the consolations by Miss Carrie Horstman and Carl Schwartz. After the games a three-course luncheon was served. The rooms were decorated with palms, ferns and carnations.

MABINI DIES OF CHOLERA.

Manila, May 14.—Manini, the former minister of foreign affairs of the Filipino government, died of cholera at midnight. He was attacked by the disease on Tuesday last.

SMALLPOX PATIENT CREATED A SCARE

Ed Lauer Had Been Wandering About the City With a Well-Defined Case.

The smallpox situation is not improving much and today and yesterday preparations were made to put all the rooms at the isolation hospital into service which will give room for about a dozen patients. Not that that many are expected, but the health department is anxious to be ready to meet any emergency. There are now six patients there and two are quarantined in the city at their homes. The latest arrival at the hospital was Edward Lauer, a well known and rather loose character about town. Lauer, his brother Frank and a companion named Oscar Wilson called at the office of Drs. J. D. Chambers and W. F. Schrader on Douglas avenue yesterday afternoon, where Ed Lauer submitted to examination and was found to be suffering from smallpox of the virulent kind. The three men were detained in the room while notice was sent to the health department. Dr. Macbeth was out of the city and Dr. Hammond, who attends the smallpox patients, could not be immediately found. Later he reported and ordered Ed Lauer removed to the isolation hospital. The three men were detained just a fraction over an hour and a half and not five hours, as has been stated. The brother and young Wilson were fumigated, disinfected, vaccinated and let go. Lauer for some nights has been sleeping in a barn on Clark street in Bloomingdale, where Jack Devany, Dick Schreck and others of the ilk make headquarters. The barn was visited and disinfected, Schreck and his colleagues were rounded up and vaccinated and a close watch was established on the premises and the persons supposed to be infected. Just to what extent the contagion or infection has been spread is a matter for conjecture only, but meantime the health department is using every precaution to locate any possible cases and quarantine and disinfect all suspicious localities. A few days will show to what extent the infection possibly spread by Lauer will develop.

ABOUT THE COURT HOUSE.

Lucy Madden has commenced action against Fred J. Madden for support. The complaint alleges that they were married in 1896 and lived together until 1898, when he deserted her and has since lived apart from her and contributed nothing toward her support. Plaintiff alleges that she gave the defendant no cause for desertion and says that she is entirely without means or facilities to work out her own support; on the contrary, the defendant is a brass polisher by trade, is able-bodied and earns a good wage sufficient to support them both comfortably. Complaint further states that \$25 per month would comfortably provide for her wants and she asks that the court order said defendant to pay her that amount monthly.

In the circuit court this morning in the suit of C. C. Schlatter & Co. vs. J. E. Miller, judgment for the plaintiffs was rendered in the sum of \$690.88 without relief. The superior court at the morning session was devoid of interest and no business was transacted save the filing of minor motions, answers and orders for publication.

The case of the state vs. Bert Watson, a fifteen-year-old boy from Edgerton, charged with public intoxication, is on trial before Judge O'Rourke this afternoon. About twenty witnesses are present, most of whom declare the lad a nuisance and want to see him sent to the reform school. The mother is present and has employed counsel to defend her son.

The case of the state vs. Benjamin McIntosh was set for trial today. The defendant failing to appear, a default will probably be taken.

CITY HALL NOTES.

The Barber Asphalt company commenced work on the East Washington street pavement today, taking up and resetting curbing. The engineer set stakes for the grade and excavation will be commenced within a day or two.

The board of works will meet tonight and will hear "kickers" against the South Broadway sewer and some other minor improvements.

The waterworks trustees will meet this evening.

A. C. Beaver and his daughter, Mrs. A. H. Philley, have returned from Somerville, Ohio, where they visited relatives ten days.

MISS REICHLIN'S BODY IS EXHUMED

Discolorations About Neck Indicated That She Had Been Choked

CORONER NOT CERTAIN

Detective Mintz Convinced Girl Was Strangled Before Being Struck.

Lorain, Ohio, May 14.—The remains of Agatha Reichlin were exhumed at the Catholic cemetery, one mile north of Elyria, today, in order to settle the question raised as to whether the young woman had been choked, as well as struck with a stone on the head. The body was found to be well preserved. Discolorations were found on the right wrist and upon the neck, a dark blue tinge beneath the right eye. After a conference the physicians decided to make openings in the neck and beneath the eye, to discover if possible whether these marks were caused by choking or blows before death or by the action of impeded blood drainage thereafter.

At the conclusion of the examination Coroner French said that the marks found were the same he had seen at the post-mortem, but that at this time it was impossible to say how they had been caused.

Coroner French said he was not prepared to say that he would reopen the inquest. He stated that his decision would be announced later. Detective Mintz, at whose request the body was exhumed, said:

"I more than ever believe that the girl was choked insensible, if not dead, before she was struck with the stone."

FIRE LOSS OF \$150.

The residence at 832 Greeley street, owned by W. F. Bierbaum and occupied by Mrs. Fisel, was damaged by fire to the extent of \$150 this morning. The alarm was rung in at 7:45 o'clock from box 53, and engine companies 3 and 5, with the ladder truck from No. 1, responded. Fire from a stove in the kitchen at the rear of the house had caught in the roof, and the roof of this portion of the building was nearly burned away before the blaze was extinguished.

WILL ORGANIZE NEW BOXBOARD COMPANY

Fort Wayne Tourists Return from Trip of Inspection to Mt. Carmel, Ill.

The Fort Wayne capitalists, headed by A. B. Trentman, who made the trip to Mount Carmel, Ill., for the purpose of inspecting a very fine water power there, arrived in the city on their return this morning. The trip was made in a special Pullman sleeper over the Wabash, and is said to have been a most enjoyable one. Citizens of the Illinois city received and entertained the Fort Wayne men with royal hospitality.

Behind the making of the trip is a purpose upon the part of Mr. Trentman and his associates to organize a big stock company for the purpose of erecting a new box-board mill at Mount Carmel, and the work of organization has already begun. It is proposed to construct one of the largest mills in the country, amply capitalized, and the location is said to be an ideal one. Engineers are now making the preliminary soundings and sketches for the structure.

The mill will be located along the Wabash river, utilizing the splendid water power controlled by the Mount Carmel Development company, of which Mr. Trentman is president, and H. C. Paul a stockholder. It is probable that a large number of other Fort Wayne men will become stockholders in the new enterprise, and eastern capitalists will be associated with them.

The Woman's Missionary society of Westminster Presbyterian church will be entertained at the home of Mrs. William Fisk, 743 West Delaware street, Friday afternoon at 2:30 o'clock.

Mrs. Mary Ellenwood, of 2738 South Hanna street, is recovering from a recent illness. Paul Preston, son of Rev. A. S. Preston, left today for Chicago to take a position there.

BILLS WENT UP IN FLAMES.

This morning a lady residing in the west end of the city appeared at the office of the Fort Wayne Trust company with \$10.50 in badly blackened coins which she desired to exchange for more presentable currency. In explanation the lady confided to the cashier that she had placed a purse containing the silver and several bills in a stove for safe-keeping the evening previous. Yesterday morning, forgetting that the money was in the stove, she started a fire, with the result that pocket-book and bills were a total loss. The lady declined to divulge the amount of currency destroyed.

WENT TO LAFAYETTE.

It was nearly midnight last night before the conference between President Dietrich, Secretary Proal, Hon. James Murdock and H. C. Paul over the natural gas situation came to a close, and today the gentlemen left for Lafayette. ARRESTS ARE MADE
IN HOWARD COUNTY

Three Young Men in Jail Under Charges of Murdering Young Yeager.

Kokomo, Ind., May 14.—At a conference between Coroner Harrison, Sheriff Stanbro, Prosecutor Cooper and Chief of Police Taylor here last night warrants were sworn out on information for the arrest of three young men—Logan Ingles, Willard Eads and Charles Eads—for the murder of Louis Yeager last Sunday night, near the home of the latter's sweetheart, Myrtle Finley, at Hemlock, near Kokomo. A fourth man was included in the warrants, but his name has not been made public.

Ingles and the two Eads were placed under arrest in Hemlock, a village a few miles from here, late last night and are now in jail. They declare their innocence of the crime and say they will be able to prove alibis.

Young Ingles is a son of ex-Court Reporter John Ingles, one of the best known residents of northern Indiana, and a brother of Claude Ingles, chief clerk in the Kokomo postoffice. The other accused men are sons of prominent farmers of the neighborhood.

ASSAULT OF INGLES.

Several months ago young Ingles, who took sides with the Hemlock partisans in the village feud between Hemlock and Oakford, was murderously assaulted after calling on an Oakford girl and hovered on death's brink for many weeks. It was understood that Ingles accused Yeager, the man slain last Sunday night, of waylaying him. No arrests were made and when Ingles recovered the matter was dropped. Three men answering the description of the suspects were in Kokomo Sunday evening, two hours prior to the killing, and had bottles of whisky with them. They talked and acted suspiciously, attracting much attention by reckless conduct. The theory of Coroner Harrison and Sheriff Stanbro is that Yeager was pulled from the buggy and murdered and the body replaced in the vehicle.

OUTBREAK IS FEARED.

Feeling in the neighborhood of Oakford and Hemlock is intense and the authorities are preparing to closely guard their prisoners. The theory that Sutton and Yeager were slain by highwaymen is gaining more credence. But it is believed the murderers were feudists and highwaymen at the same time. Incensed by the many recent outrages and robberies in the south part of the county, the residents of that neighborhood are eager that the marauders be brought to justice. On the theory that the murderers sought to cover the crime of robbery by posing as feudists with a grievance the slayers of Sutton and Yeager had the sympathy of many persons who clung to the belief that the two young men committed suicide.

ROBBERIES AND HOLDUPS.

Circumstantial evidence is now developing that fixes upon the murderers many of the robberies and holdups that have been rife in the Hemlock and Oakford neighborhoods and the hands of those who were recently staunch supporters of the accused men have now turned against them. The feeling that they have been victimized has caused a faction of the Hemlock partisans to call a truce and over the dead body of Louis Yeager yesterday the first steps were taken toward a compromise that may end a bitter feud of long standing. Investigation strengthens the theory of murder. It has been established beyond a reasonable doubt that Francis Sutton was slain by murderers. The revolver he carried the night he met death was borrowed from a neighbor. Sutton had been attacked by a vicious dog and he borrowed the weapon for protection. When his dead body was found but one chamber of the revolver was empty. The owner of the weapon declares positively that one cartridge had been exploded when he loaned the weapon to Sutton.

SUTTON WAS ROBBED.

Sutton was robbed by his murderers. When he left the home of Miss Peters at midnight he had several dollars in his possession. One dime was found in the pockets of the clothing on the dead body. Yeager carried no revolver. The bullet wound which caused his death was between the eyes and his dead body was braced in the buggy in a posture which clearly indicated that the body had been thrown into the buggy after death.

A strong odor of whisky was noticed when Yeager's body was found. The three young men who left Kokomo with whisky in their possession are connected with the murder by this link.

The stories of the anti-Semitic outrages in Russia are of revolting atrocity. The details would read like the story of some medieval horror.

The whole town will throw bouquets, metaphorical and real, at the city council if that distinguished body will come to some prompt solution of the grade crossing problem.

What is being said about Governor Pennypacker just now by newspapers outside the jurisdiction of Pennsylvania's new libel law probably makes that high-minded functionary grit his teeth and wish he could spread the scope of the muzzle act over a few more states.

There is something of a spiteful exhibition of "nerve" on the part of those surgeons who attacked Dr. Lorenz's method in the discussions at the professional congress in Washington. Certainly Dr. Lorenz does not invariably cure all the cases he attempts. And what surgeon is ready to claim for himself that he does?

The butcher, the baker and the writer, instead of the candlestick maker, have all gone on strike in Denver. It will probably draw the cooks along in sympathy, and when it is all over the average Denverite will be an eminent authority on the merits of home-grown feed. After all, it may teach valuable economic facts in showing them how much it is possible for man to get along without when he can't get it.

Mr. Cleveland, it is said, will at the proper time, announce that he cannot be a candidate and declare for his late attorney general, Hon. Judson Harmon, of Cincinnati. Mr. Harmon is a good man and a big man, but all things considered, he will hardly fill the bill. Mr. Cleveland will get a more harmonious response from the popular chord by declaring for his late secretary of state. Mr. Olney is being somewhat looked at and looked to, anyway.

Governor Durbin has appointed Hon. Leonidas P. Newby, of Knights-town, to membership on the Jeffersonville reformatory board. Mr. Newby is a man of fine talents, good executive abilities, no doubt, and as exquisite a politician as you'll meet in a day's jaunt along the pike. For this last named quality he may probably feel himself indebted for the governor's distinguished favor. The governor is one of the few men who know how to keep all things moving toward a definite point.

The war of injunctions in Omaha, as brought on by the strike in that city, shows the evil extremes of in-

junction government in their worst form. A federal judge issued an injunction against the teamsters' union that practically suspended the entire bill of rights so far as the members were concerned. Now a judge, in one of the local courts has issued an injunction upon petition of strikers that restrains the business men's association from doing about all but draw breath. The right of invoking the injunction is as inalienable for strikers as for employers, but it seems to us this aspect of labor troubles is becoming common enough to be termed not only an abuse, but a menace to proper liberty.

TRAVELING IS DANGEROUS.

Constant motion jars the kidneys, which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Kentucky Politicians Think
 Former President Will
 Make Declaration.

Put-in-Bay, Ohio, May 14.—The Kentuckians who are stopping at Middle Bass Island, among whom there are some prominent politicians, have started this story as to Grover Cleveland's intentions regarding the presidential nomination. Mr. Cleveland will make no statement about his position until shortly before the convention. Meanwhile, in anticipation of his candidacy for the nomination, a sentiment for him will be nursed by the democrats who are opposed to Mr. Bryan. Mr. Cleveland will then declare himself positively out of the race and will endorse Judson Harmon, of Cincinnati, for the nomination. Said Mr. Harmon last night:

"I can't say anything about the story at this time. Before a presidential year the friends of every man of any prominence trot him out."

Mr. Harmon is Mr. Cleveland's chum at the island. They occupy the same boat while fishing every day.

A LAST RESORT.

Pure Food Should Be the First.

When the human machine goes wrong it's ten to one that the trouble began with the stomach and can therefore be removed by the use of proper food. A lady well known in Bristol, Ontario County, N. Y., tells of the experience she had curing her only child by the use of scientific food: "My little daughter, the only child and for that reason doubly dear, inherited nervous dyspepsia. We tried all kinds of remedies and soft foods. At last, when patience was about exhausted and the child's condition had grown so bad the whole family was aroused, we tried Grape-Nuts.

"A friend recommended the food as one which her own delicate children had grown strong upon so I purchased a box—as a last resort. In a very short time a marked change in both health and disposition was seen. What made our case easy was that she liked it at once and its crisp, nutty flavor has made it an immediate favorite with the most fastidious in our family.

"Its use seems to be thoroughly established in western New York where many friends use it regularly. I have noticed its fine effects upon the intellects as well as the bodies of those who use it. We owe it much." Name given by Postum Co., Battle Creek, Mich.

MR. BOOKWALTER HURT.

The Indianapolis News has the following account of an accident which befell Josiah Bookwalter, formerly of this city, who is making his home with his son, Mayor C. A. Bookwalter. The News says:

"Josiah Bookwalter, aged seventy-six, father of Mayor Bookwalter, arose in his sleep last night about 11:30, walked out of his bedroom at his home, 2204 Bellefontaine street, and tumbled down stairs head first, landing on the floor below. He was picked up unconscious in a pool of blood. An ugly wound was cut in his scalp. His wife heard him get up, but did not know that he was walking in his sleep."

WILL CURE CONSUMPTION.

A. A. Herren, of Finch, Ark., writes, "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Sold by Dreier & Bro., Pellens & Polster.

DR. BARNETT APPOINTED.

Dr. W. W. Barnett, of this city, has been appointed one of the delegates to represent the Indiana National Guard at the convention of the Association of Military Surgeons to be held in Boston beginning next Tuesday. The other appointees are Major Eugene Hawkins, of Greencastle; F. R. Charlton, of Indianapolis, and Capt. R. W. Garstang, of Indianapolis.

Foley's Honey and Tar is peculiarly adapted for asthma, bronchitis and hoarseness. Sold by Dreier & Bro., Pellens & Polster.

THE MAY FESTIVAL.

The Temple theater was nearly filled last evening at the second annual May festival given by the high school chorus under the direction of Prof. Miles, and a more delighted and enthusiastic audience would be hard to find. The festival was a big success in every way and a great part of the credit is due Prof. Miles, who planned the entertainment and trained the big chorus. Two cantatas were given last evening, the first being "The Swan and the Skylark" by A. Goring Thomas. The soloists were Mrs. Clara Zollars-Bond, Mrs. William Miles, Gwilym Miles and E. C. Towne and the accompanists were Miss Lillian Mathis, Miss Jessamine Bailey and Reineke's orchestra. Following was a group of songs, "O, That We Two Were Maying," by Gounod; "On the Way to Kew," by Foote, and "To Anthea," by Elton, sung by Gwilym Miles, and "Lead Me Your Aid," from the "Queen of Sheba," by Mr. Towne. Mr. Miles was given an ovation and was not permitted to bow his thanks and he responded with two songs of a lighter vein. His splendid baritone voice was heard to the best effect in the Gounod number. Mr. Towne's recitation was no less enthusiastic and he was called back repeatedly. Mrs. F. E. Stouder accompanied Mr. Miles and Mr. Towne. The closing number was the cantata "Fair Ellen," by Max Bruch, with Mrs. S. C. Moffat and Mr. Miles as soloists. The singing of Mrs. Bond, Mrs. Miles and Mrs. Moffat was fully up to their established standard.

her powers to a remarkable degree and was the sprightliest member of the big company present.

Four generations of the family were present at the celebration. They were Mrs. Barbara Strodel, her son, John G., of Fort Wayne; his son, Otto F., of Fort Wayne, and Clarence, the son of Otto. The celebration consisted of a dinner and other enjoyable social features.

OBITUARY OF A PIONEER.

Leonidas B. Scott, for more than half a century a resident of Allen county, died Friday, May 8, at his home in Madison township. Mr. Scott was born in Muskingum county, Ohio, May 24, 1842, and moved with his parents to Indiana in 1852, locating in Marion township, where he lived until the spring of 1870,

when he moved to his farm in Madison township, where he had since resided. He was married on September 5, 1869, to Miss Sarah Houk. To this union were born three children, two daughters and one son. Those who survive are the mother and son.

One daughter died in infancy; the other, Mrs. Anna Scott Reynolds, died eleven years ago, leaving one son, who has lived with the grandparents since the death of his mother. Other relatives include a sister and three brothers, Miss Elizabeth Scott, of Indianapolis, Ind.; John G. Scott, of Indianapolis, Ind.; John G. Scott, of Arza W. Scott and Jefferson Scott, of this city.

The funeral services were held Sunday at 2 p. m. from the Massillon church, of which he had been a member for more than forty years.

The pall bearers were his three brothers, two nephews, J. W. and M.

E. Scott, of Fort Wayne, and Samuel Houk, brother-in-law. Interment was at the I. O. O. F. cemetery, Monroeville, Ind.

WILL ATTEND FUNERAL.

This evening a party of officials of the Paepcke-Leicht Lumber company, of Chicago, will arrive in the city to attend the funeral services of the late Frank J. McBenett tomorrow. Among them will be Herman Paepcke, the president; Edward Leicht, secretary; C. Fred Yegge, treasurer, and Edward Lang and Mr. Burke, managers of departments. Mr. McBenett was a member of the board of directors of the company at the time of his death.

Miss Edith McLachlan, of Sault Ste. Marie, Mich., is the guest of relatives in the city.

Jim Dumps' physician once fell ill. Said he: "I'll have no draught or pill." Said Jim: "Ho, ho, you're on the shelf; You, who cure others, cure yourself." Then Jim sent up some "Force" to him—"That's what he needs," quoth "Sunny Jim."

When the boys went home last evening they had a long story to tell. It isn't often that Fort Wayne wins a game and when things go the right way it is worth while to talk it over.

The knackers can redeem themselves now by taking back all the unkind things they said about Bader Myers' team not being able to hit the ball, and The Sentinel hammer merchant will lead the procession and salamm real low. Smith, the Terre Haute pitcher, was hard hit yesterday in more ways than one. The Fort

Waynes touched him up sixteen times during the game and right after the game "Scrappy" Beecher hit him on the jaw, knocking him down and loosening part of the furniture in his face. That was the only hit Beecher got in yesterday, but Smith, who had made a two-bagger in the game, went back at Beecher and got in several more before the other players separated them. The trouble arose on account of Beecher's criticism of Smith in allowing Myers to go to first on balls in the tenth inning; Smith retorted and then the fight occurred. All this was immediately after the game and before the grandstand was emptied; the men were fined \$5 each by their manager. There were other exciting moments during the afternoon, commencing in the first inning when hits began to rain. Belden made a hit, Dennis sacrificed, Murphy lined one out for three, Ostdek gathered in a double, Myers went out from second to first, Lindsay hit safe and France retired the side by going out from catcher to first; during all this fusillade Belden, Murphy and Ostdek scored. The visitors went out one, two, three in their half and then Hopke, the first man up in the second inning, waited and was passed and sacrificed to second by Teal; Belden then hit for three bases and Hopke scored; it looked as though there might be something doing, but on Dennis' slow hit to second Belden tried to score and was shut out at the plate, Ostdek making the third out. The first three men up for Terre Haute hit safely, bringing in a score. The game was fast and snappy and notable chiefly for hard hitting on both sides, although Mr. DeArmond, the visitors' third baseman, contributed a great deal of satisfaction by making an error every time a ball came his way and he did as much as the batters to win the game for Fort Wayne. At the beginning of the ninth the score was 7 to 5 in Fort Wayne's favor and it was thought the game was won, but just then Mr. Robinson opened a controversy by hitting for two bases, was followed by Thompson with a hit and then by Richardson, who met the ball squarely for three bases and the score was tied. Carbiener was then substituted for Teal and no more runs were made that inning. The locals fell down in their half and the tenth was opened up badly. An error by Murphy, a base on balls, a hit, another base on balls and a long out to center scored two more runs and it looked as though Myers' men were up against it again. Belden walked to the plate confidently and opened by beating an infield hit to first. Dennis sent him to third with a hit to right and Murphy scored him on his out from second to first. Ostdek then tried to kill the ball and struck out, while Myers waited and was passed; Lindsay followed with a hit and sent Dennis and Myers around, winning the game in an exciting finish. The score:

THE MARKETS

Chicago, May 14.—July wheat opened steady, at 72 1/2¢, on cables and night receipts. May broke from 78 1/2¢ to 76 1/2¢, on liquidation. The decline in May was checked by fair buying by the leading long and later in the day on general commission house demand, together with buying by shorts, the market became strong. July, advancing to 73 1/2¢. The close was 1/2¢ higher, at 72 1/2¢ to 72 3/4¢. May closed at 78¢.

July corn was featureless, opening a shade lower, at 45 1/4¢. The market ruled weaker the latter part of the day and July closed 1/4¢ to 1/2¢ lower, at 45¢. July oats were dull, opening unchanged, at 32 1/2¢.

Provisions opened easy on expectations of a heavy hog movement, pork at \$15.60, lard at \$8.92 1/2 to \$8.95 and ribs at \$9.17 1/2 to \$9.20.

The Close.

Prices at the close were as follows: Wheat—May, 78¢; July, 72 1/2 to 72 3/4¢; Sept., 70 1/4¢; Dec., 70 1/4¢. Corn—May, 45¢; July, 45¢; Sept., 44 1/4¢.

Oats—May, 35 1/2¢; July, 32 1/2 to 32 3/4¢; Sept., 30 1/4¢; Dec., 30 1/4 to 30 1/2¢. Pork—May, \$18.80; July, \$17.10; Sept., \$16.60.

Lard—May, \$8.80; July, \$8.87 1/2; Sept., \$8.92 1/2. Ribs—May, \$9.30; July, \$9.35; Sept., \$9.17 1/2; Oct., \$9.05.

Rye—May, 50¢; July, 50¢. Timothy—May, \$3.60. Barley—Cash, 42¢ to 56¢. Flax—Cash N. W., \$1.15; S. W., \$1.11; May, \$1.11; July, \$1.13. Cloverseed—May, \$12.50.

The Day on Wall Street.

New York, May 14.—Of the small number of stocks traded in at the opening, the majority were unchanged from last night's prices. A rise of a point in Chicago and Alton and a decline of 1/4 in Rubber Goods preferred were the only movements that reached as much as 1/4.

The hardening tendency of prices was interrupted by a break of 2 1/2 in Colorado Fuel, with a rally to about last night's level. The advance reached 1 1/2 in Wheeling and Lake Erie first preferred, a point in the common, second preferred and Metropolitan Street railway and 1 1/2 in Northwestern. Pressure was renewed against the Rock Island stocks, the preferred losing a point. Some other stocks fell back to the lowest.

Attempts to market stock disclosed only a very limited demand and prices were forced lower all around. New York Central declined 1, Delaware and Hudson 1 1/2 and Bag preferred 4 in all.

Selling of the standard railroad stocks went on unchecked during the afternoon, a drop to below 160 by St. Paul aggravating the heaviness elsewhere. Offerings in most cases were scanty. Northwestern preferred sold 25 points below its previous sale. North American lost 3. American Express rose 2 and Pere Marquette 3. Metropolitan Securities advanced 1.

The failure to lift prices induced a general spilling out of long stock by discouraged holders, which made the lowest prices of the day. St. Paul led the decline with a fall to 1 1/2 below last night. Reading, New York Central, Baltimore and Ohio, Erie second preferred, Northwestern, Evansville and Terre Haute, Toledo, St. Louis and Western, Amalgamated, Union Bag, United States Rubber, Tennessee Coal and International Paper scored net declines of 1 to 1 1/2. General Electric 2, New York, Chicago and St. Louis 2 1/2 and Delaware and Hudson 2 1/2.

The closing was dull and weak.

SHOP AND RAIL PERSONAL ITEMS

Wabash engine 187 was turned out of the shops today.

George Bowser, a Pennsylvania yard fireman, is sick and off duty.

I. West, foreman of bridge builders on the Wabash, is in the city today.

The Wabash is having a heavy freight business at present. Three sections of train 91 is the rule nowadays.

Both the Pennsylvania and the Wabash roads were blocked at Hanna street for an hour yesterday by four freight cars of a Wabash train leaving the rails at the frog.

A large steel tank, 8x13 feet, for rendering lard, will be shipped from the Buss shops tomorrow. It will go to Boston and the purchaser is the Bradley Fertilizing company.

Pittsburg Fireman C. C. Wallace, A. J. Eligh and L. J. Lane are off duty; Eligh on account of an injured hand and the others on account of sickness.

Alex. Cowen, the business agent of the International Association of Machinists, who was here since Monday in his official capacity, left for his home last night.

Two 1,000-light generators, one to Ormrod, Pa., and the other to Assumption, Ill., were shipped from the Fort Wayne Electric works this morning.

The Nickel Plate will place its new telephone system in operation this afternoon. By it all of the offices and yards in the city, including the G. R. & I. junction, are connected.

Chief Car Inspector W. W. Todd has gone to the Cleveland and Pittsburg division of the Pennsylvania on a business mission. Assistant Chief Inspector Adam LaMar has returned from a business trip to Pittsburg.

Machinist Jacob Erlenbaugh, of the Wabash shops, has gone to Springfield, Ill., to have a cataract removed from one of his eyes. Frank Redmon, machinist of the same shop, is off duty on account of sickness.

There is not a window pane in the Wabash roundhouse at Andrews, every one of the lights having been broken by mischievous boys. The building had thirty-two windows of forty-two panes each, making a total of 1,280 panes.

Engineers George Huber and C. F. Somers, of the Pittsburg, and their wives, will make a visit with friends in Chicago in a few days. Engineer William Longhenry, of the same road, will go to Vincennes tomorrow on a visit with relatives.

The Wabash company contemplates making extensive improvements at Kansas City, greatly enlarging the terminal facilities for handling the increasing freight at that point. The need of additional room has been apparent for some time. A new roundhouse and a seventy-five foot turntable will be built.

George Bireline, the old sweeper at the Pittsburg planing mills, is taking a lay off to attend to private affairs. William Dyer, of the Smith shop, is sick. H. E. Jurgens, of the lumber yards, is off duty on account of an injured leg. M. K. Griffith, of the Smith shop, who was sick a few days, reported for duty this morning.

Engineer Rogers and Engineer T. E. McCarthy, the former on division C and the latter on division D, made up sixty-three minutes of lost time with one of the extra sections of the Pennsylvania limited in the run from Crestline to Chicago yesterday morning, which is considered a very creditable feat, considering the weight of the train.

Ed Quinn, who was married a few days ago, resumed his duties at the Wabash blacksmith shop this morning and the "Anvil Chorus" in honor of his return was played so vigorously that it attracted the attention of people residing a half dozen blocks away. Ed took it good-naturedly, however, at the same time resolving silently to get even on the next man from that shop to get married.

CITY BREVITIES.

Mr. and Mrs. M. J. Blitz are in Toledo.

C. S. Pyle, of Geneva, is in the city on a business trip.

Mrs. A. J. Vesey was hostess for the Duodecimo club yesterday.

Rev. and Mrs. A. K. Zartman and daughter visited at Huntington yesterday.

Mrs. E. Sites, of 16 Euclid avenue, has gone to Monon for a visit with friends.

Frank Spiker has gone to Buffalo, where he will represent a correspondence school.

Next Saturday the Railroad Y. M. C. A., at Peru, will be formally opened and dedicated. It has been practically opened to the membership for several weeks, but has not yet been dedicated. This building is a substantial stone and brick structure, costing \$22,000, of which sum Helen Gould contributed \$11,000.

When the Wabash places its new time card in operation, which will probably be the first week in June, it is quite likely that fast mail train No. 5, which passes through this city at 5:43 in the evenings, will start from Cleveland, instead of Toledo, as at present. There is also a probability that two new trains will be put into service.

TUMBLE FROM A WINDOW.

The two-year-old son of Mr. and Mrs. Jacob Wines, of Arcadia, Ohio, who are the guests of a family named Hoover, residing on Wells street, fell from a second-story window of the Hoover home this morning, sustaining a compound comminuted fracture of the femur of the left leg. There are also some painful bruises and slight indications of internal injuries. The little one was playing in an upper room of the house and in leaning out at the window became overbalanced and tumbled to the ground, a distance of about sixteen feet. The child struck upon a section of gaspipe suspended a short distance above the ground. Dr. S. D. Sladd is attending the little sufferer.

PILES—FISTULA

ALL DISEASES OF THE RECTUM CURED BY PAINLESS METHODS.

If you are afflicted with piles, fistula, fissure or any other disease of the rectum you can be absolutely cured at the Red Cross Medical association, 723 Clinton street, Fort Wayne. Their treatment will cure the worst cases without pain, and they guarantee a cure or no pay.

A prominent citizen who was cured of a long-standing case of piles has this to say about their treatment: "For many years I have suffered with a severe case of piles and have tried everything I could hear of without benefit. The physicians whom I consulted said I could not be cured without an operation. I heard of the Red Cross doctors and resolved to try them. I am happy to say I was completely cured in a short time without any pain or inconvenience. I heartily recommend their treatment to all who suffer from any form of rectal disease."

A lady on Francis street says: "I want everybody to know of the treatment for rectal diseases practiced by the Red Cross doctors. They cured me of a terrible affliction of the rectum with one treatment and without cutting or pain. I tried many other physicians without ever getting any relief."

The Red Cross doctors treat all forms of chronic diseases, including cancer, goiter, catarrh, deafness, male and female weakness and the drug habit. Consultation free. Hours 9 to 8. No Sunday hours.

ITALIAN LABORER LOSES A LEG

Felix Colci Fell Between Moving Cars at Grover-town Yesterday

LABOR TROUBLES OVER

Striking Machinists and Painters Settle With Employers and Return.

Felix Colci, an Italian laborer, aged thirty-three years, lost a leg in a railway accident at 5 o'clock yesterday afternoon. Colci was employed on construction work by the contractor who is putting the double tracks in the vicinity of Plymouth for the Pennsylvania company, and he fell between cars of the work train and the wheels of one truck passed over both of his legs. He was picked up and taken to Plymouth, where Dr. Aspinall, the railway surgeon, amputated the right leg below the knee. The other limb, while badly injured, will be saved. Colci was put aboard train 24 and brought to this city at midnight last night and he is now lying on a cot in St. Joseph hospital. He is getting along nicely, a telephone message from the hospital said. Colci cannot speak English and but little could be learned concerning him.

LABOR TROUBLES SETTLED.

As stated would be the case yesterday, the strike of the machinists at the Fort Wayne Electric works was declared off at 4 o'clock yesterday.

There have been times when the wild beasts have been more merciful than human beings, and spared the woman cast to them in the arena. It is astonishing how little sympathy women have for women. In the home the mistress sees the maid with the signs of suffering she recognizes so well, but she does not lighten the sick girl's load by a touch of her finger. In the store the forewoman sees the pallor and exhaustion which mark womanly weakness, but allows nothing for them. It is work or quit.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well, by curing the womanly diseases which undermine the health and sap the strength. "Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weaknesses.

"When I first commenced using Dr. Pierce's medicines," writes Mrs. George A. Strong, of Gangesville, Saratoga Co., N. Y., "I was suffering from female weakness, a disagreeable draining-down pains, weak and tired feeling all the time. I dragged around in that way for two years, then I began taking your medicine. After taking the first bottle I began to feel better. I took four bottles of Dr. Pierce's Favorite Prescription, two of Golden Medical Discovery, one of the 'Pleasant Pellets,' also used one bottle of Dr. Sage's Catarrh Remedy. Now I feel like a new person. I can't thank you enough for your kind advice and the good your medicine has done me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

Every Woman is interested and should know about the wonderful **MARVEL Whirling Spray**. The new toilet spray. "Fragrant and Disinfectant." Best for face and hair. Cleanses, softens, and gives a new complexion. **MARVEL CO., Boston, Times Bldg., New York.**

THIS REMEDY is sure to **GIVE SATISFACTION**. **Ely's Cream Balm** GIVES RELIEF AT ONCE. It cleanses sooths and heals the diseased membrane. It cures Catarrh and drives away a Cold in the Head quickly. It is absorbed. Heals and Protects the Membrane. Restores the Senses of Taste and Smell. Full size 50c. at Drugists or by mail. A HINT TO THE WISE

This Advice Will Bear Repeating in Fort Wayne.

"Don't chase shadows." Doubtful proof is but a shadow. You can rely on testimony of people you know.

You can investigate local evidence.

Mrs. A. S. Booth, who lives at 70 Barr street, says: "I had kidney trouble ever since I can remember and a backache seemed to be as much part of me as my hands or feet. I had a hemorrhage of the kidneys which I thought was going to end my life. I became so nervous that I could not control myself and I had great difficulty in remembering things. One day a lady friend of mine was going to get Doan's Kidney Pills and I thought I would also try them, so I got a box at Meyer Bros. Co.'s drug store. I began taking them and continued the treatment with the result that I steadily gained in health from the commencement, until I was better than I had been in a long time."

afternoon and this morning every man but one resumed his former place in the shops. The one exception was a machinist who had gone on a visit and did not return to the city until this morning. He reported for duty at 1 o'clock this afternoon.

The agreement which brought matters to amicable adjustment was signed by General Manager J. J. Wood and Superintendent E. A. Barnes on the part of the company, and Alex. Cowen, of the machinists' union; Henry Stahlhut, George C. Koegele and Daniel Gleason, the three latter named being the strikers' committee, and the action of these men was ratified by unanimous vote of the strikers at a meeting in Anderson hall at 4 o'clock. The negotiations were affected without any display of ill will on either part and both employer and employees seem to be perfectly satisfied and in the best of humor today.

The strike of the painters and paperhangers, which commenced April 1, was also settled last night as predicted by last evening's Sentinel. The settlement was effected in the office of L. O. Hull, where the master painters and the committees of the strikers met and discussed the matter in all its phases, with the result mentioned. All of the men who had been on strike reported for duty at their respective places this morning. Neither side would divulge the terms of the agreement, though it is known that concessions were made on both sides.

THE ACCIDENTS.

J. C. Fowler had the flesh stripped from the index finger of his right hand yesterday and other fingers and portions of the member bruised and cut by getting them caught between pieces of machinery. Dr. White attended the unfortunate man. Mr. Fowler is the crane signal man. G. H. Geerken, who was operating a lathe at the same shop, was struck and cut above the eyes yesterday. N. B. Ledgerwood, a brakeman, had his right hand painfully injured while uncoupling a car from the engine at Ada. Dr. C. B. Stemen attended him. H. C. Sink, a coach painter, fell off the platform of a car at the east shops yesterday and severely sprained his right wrist.

TWO MEN PROMOTED.

William F. Bohling, for two years stamp clerk at the Fort Wayne post-office and later cashier at the Lake Shore freight house in this city, has been transferred from Hartford City to Tipton, the latter office affording a better salary than the Hartford City office. Mr. Bohling went to Hartford City as ticket and freight agent of the Lake Erie and Western about two years ago. W. L. Childer, who came here from Alexandria five or six weeks ago to take a position with Agent Joseph Sullivan, at the Wabash freight office, has gone to the Nickel Plate freight office to take a position made vacant by the resignation of a clerk and the advancement of others.

WILL RE-ELECT THE OFFICERS.

Pittsburg, Pa., May 14.—When the Order of Railway Conductors resumed its business session today the amendments to the insurance laws were taken up again for second reading. There is a general desire on the part of the members of the order to make their insurance reserve fund unlimited, as there is at present outstanding \$50,000,000 worth of insurance. The proposition to increase the salaries of the grand officers also came up for discussion again and it is said was unanimously favored.

It has been practically settled that all of the present grand officers will be re-elected if they desire the offices. There is no opposition in the

field and it is the desire of almost every conductor that the present incumbents continue to serve.

The entire session of the ladies' auxiliary was taken up today listening to reports and recommendations of the committees appointed yesterday. Nothing of any general importance was considered. Few changes have been recommended in their laws and they do not expect anything very important to turn up at the convention.

A FINE OLD ENGINE.

While engine 605, one of the big new Atlantic type of flyers, was undergoing repairs in the Wabash shops in this city, engine 421 pulled the "Continental limited" between Peru and Danville and in the ten or twelve trips she never failed to reach her destination on schedule time. No. 421 has been in the service thirty-two years and during that time has been marked for the "scrub" heap twice. Before the work of tearing her apart could be taken up, however, there became a shortage in power and No. 421 was overhauled and put back in service. There are four of this class of engines in the service.

WENT TO MEET MR. RAMSEY.

In the private car mentioned by The Sentinel as coming here last night were the following Wabash officials, who remained from 5 o'clock until 7:35, when they left on Pennsylvania train No. 8: H. W. Ashley, S. E. Cotter, A. Robertson, C. S. Crane, E. B. Pryor, George M. Burris, B. C. Winston, H. W. Moorehouse, C. B. Adams and A. E. Robbins. The party took supper at the Wayne hotel. They went to Pittsburgh to meet President Ramsey and to attend the funeral of his daughter, Anna, who died in Egypt several weeks ago.

OFFICERS APPROVE PLANS.

P. J. Sullivan and Henry Weber, who went to Cleveland to confer with the grand officers of the Brotherhood of Railway Trainmen concerning the proposed railway street carnival, were successful in their object and report that the plans of the trainmen and firemen were heartily approved by the higher officials. The local lodge held a meeting last night under the new arrangement, which gives two daylight and two night meetings each month. W. B. Wiley, a Wabash baggage man, was initiated into the lodge at the meeting.

INSTALLING THE MOTORS.

The electricians this morning commenced the work of installing a twenty-horse power and a forty-horse power motor at the new Pennsylvania coal docks. They will also wire the docks for about sixty electric lights. The new coal docks are nearly completed and if nothing interrupts the work now in progress the docks will be set in operation and engines will receive their supply of fuel through them the latter part of next week.

HEARS BAD NEWS.

A telegram from Brooklyn, N. Y., brought to James Pauley, a boiler-maker in the Pittsburg shops, news of the death of his cousin, Maurice Fox, which occurred in that city last night. The deceased was single and twenty-seven years old. James Fox, who is employed in the city green houses, is an uncle of the deceased. Mrs. Pauley, the mother of James, will leave tonight or tomorrow to attend the funeral.

WABASH PAYDAY.

The coming of the Wabash pay car was bulletined this morning. It will make its first visit this month about 10 o'clock Saturday, May 23, and the second visit at noon on Tuesday, May 26. The first named date is the payday proper.

The Baldwin locomotive works is turning out locomotives at an average of six every day in the week, including Sunday. In April the works completed 191 finished locomotives, the average weight, including all types, being 125 tons. They represented a value of \$2,750,000. Never before has the output reached these figures in any one month. For this year the output has been: January, 142; February, 132; March, 160; April, 191. There are now over

15,000 workmen on its pay roll and the weekly disbursements are \$191,000.

The Portland park, seven miles out from Attica, which will soon be opened by the Wabash company, promises to become a popular place for Sunday school picnics. Agent Folien, of Lafayette, has already booked five Sunday school excursions there. A feature of the park is its dense and pretty woods, divided by a deep ravine, through which runs one of

the prettiest little stream of sparkling water in that part of the state. It is just the place for children who are out for a day's pleasure.

Wabash freight train No. 91, hauled by engine 809, and in charge of Conductor McBride and Engineer Bradbury, made the run from Peru to Lafayette, fifty-four miles, in one hour and thirty minutes, including a stop at Logansport to set out a car. The train had 1,500 tons.

NEWS OF THE POLICE.

Judge Drebelbliss was in an unusually happy and indulgent mood this morning and the only two offenders brought before him were allowed to go their way in peace, if not in happiness. Michael Haft, a middle-aged man, pleaded guilty to being drunk. He came to town from some where in Ohio yesterday to take a job today and celebrated his good fortune by overtaxing his capacity. He explained that he had no money to pay his fine and that if he was sent to jail he would lose his job. The judge considerably reserved judgment indefinitely and allowed him to go. Arthur Brookshire was slated for vagrancy. He pleaded not guilty and demonstrated that he had been working as a bartender and was now at leisure, with the exception that he was putting in considerable of his time trying to collect the amount of wages still due him from his former employer. He was told to go and keep on running his collection agency.

A gold stick pin was lost yesterday on Harrison street, for which a reward will be paid at the police station.

Again and again, and still again, come reports from all parts of the city complaining of the depredations of bad boys. Equally numerous are complaints against bicycle riders who persist in riding on the sidewalks in the outskirts. Superintendent Gorsline said that he did not want to issue another circular ordering the arrest of sidewalk riders, but that he would certainly be obliged to if the complaints do not cease. Officer Grayless last night gave chase to a party of five tramps who jumped off a Wabash train west of Broadway. He fired one shot, which only served to add speed to the runners. They got away and when last seen were touching the ground only at the high places.

The glass in fire box No. 116, corner of Calhoun and Montgomery streets, was broken last night. A thief, with neither fear of the law nor respect for Daniel Kompi's appetite, stole a chicken from his buggy in front of the Bank block last evening.

THE X-RAYS.

Recent experiments, by practical tests and examination with the aid of the X-rays, established it as a fact that Catarrh of the Stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How Can I Cure My Indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure Catarrh of the Stomach. Kodol digests what you eat—makes the stomach sweet. Sold by Meyer Bros. Co.

If you have a small debt that is crowding you, let us attend to it.

We will arrange it for you with the least trouble to you. We will loan you on your furniture, pianos, teams, fixtures or other personal property of value without removal.

We will make it to be paid back in small weekly or monthly payments.

You can have it on short notice. You will receive honorable and satisfactory dealings. Your business will be held strictly confidential. If you owe a balance to any other loan firm or furniture store, we will advance the money to pay them off.

You can also get some additional money for other purposes if you wish. We also loan on watches, diamonds and all jewelry left in pledge.

Here are some of the terms of our new weekly payment plan, allowing you fifty weeks in which to pay off your loan:

60c is the weekly payment on a \$25.00 loan.

\$1.20 is the weekly payment on a \$50.00 loan.

\$2.40 is the weekly payment on a \$100.00 loan.

You can get any other amount for the same time at the same proportion. Call on us when you need money. Applications by mail or 'phone will receive our prompt attention.

Full of Merit...

We have portable LAWN SPRINKLERS OR SPRAY PUMPS that will do the work of a hose when a hose might be found inconvenient. Cost very little in comparison with the service rendered, and are made to withstand the roughest handling and most constant use. We sell this up-grade article at a down-grade price; \$3.00 buys one. These pumps are well made. They speak for themselves—see them. At the same time we invite you to look over our carefully selected stock of Hand Sprayers, ranging in price from 65c to \$1.25.
